

The Chartered Alternative Investment Analyst (CAIA) Association, a non-profit organization founded in 2002, is the world leader in alternative investment education. The CAIA Association is best known for the CAIA Charter®, an internationally recognized credential granted upon successful completion of a rigorous two-level exam series, combined with relevant work experience. Earning the CAIA Charter is the gateway to becoming a member of the CAIA Association, a global network of almost 10,000 alternative investment leaders located in 95+ countries, who have demonstrated a deep and thorough understanding of alternative investing. CAIA also offers the Fundamentals of Alternative Investments certificate program, an online course that provides an introduction to the core concepts of alternative investing. Having grown rapidly, the CAIA Association now supports vibrant chapters for its Charter Holder members located in financial centers around the world, produces world class research publications, and sponsors educational and networking events to help the CAIA community keep pace with the industry. CAIA is considered a leading authority and trusted voice for providing perspective on industry trends and developments worldwide. For more information, please visit CAIA.org.
